

Mission 3 of a Forgotten Sideshow
Playtest Version 3 Rules – Revised

My mission for today was another patrol, this time over New Britain. Take off was uneventful but did run into some bad weather until I arrived over New Britain. I used up 4 action points to skirt the inclement weather.

When I arrived over the Japanese target zone, they opened up with heavy fire. By the time I was on my way home, I had scored a direct hit on some AA emplacements but not before the enemy hit my plane 8 times: five hits in the left wing causing a critical hit (fuel leak with a 4 zone limit), 1 hit in the right wing, 1 engine hit and 1 cockpit hit.

Weather was good all the way home. I reached zone W3 near Bougainville when my fuel ran dry. I bailed out safely only to be met by a Japanese submarine. Off to a POW camp I went.

Score after 3 missions: US 4, Japanese 2.
